

A close-up photograph of a purple hibiscus flower in full bloom, positioned centrally. The flower has five large, overlapping petals with a vibrant purple hue and a darker, almost black center. The center is filled with numerous stamens, their yellowish tips contrasting with the purple. Surrounding the flower are several green leaves with serrated edges, some in sharp focus and others blurred. The background is a soft, out-of-focus mix of green and yellow, suggesting an outdoor setting with sunlight. Overlaid on the image is white text in a serif font, which is the subject of the OCR task.
