

A photograph of a field of green melon plants. The plants have large, lobed green leaves and several small yellow flowers. A single cantaloupe melon is visible in the center of the frame, partially obscured by the leaves. The ground is sandy and light-colored.

Luke 23:05 And they were the more  
fierce, saying, He stirreth up the  
people, teaching throughout all  
Jewry, beginning from Galilee to  
this place.
